Uh won't you Ciel... Sebastian!!
Her name is Barburina!
She's a tortise you know..!! Isn't she cute?
Today I'm traveling to Baden Baden for a week...
So won't you look after this little guy for me!!
Dumping this curious thing on us.

Honestly, Elizabeth is s strange girl...

Tortise... are terribly ungangly movers aren't they... SHE is quite another matter...
SFX ~ Flip

This tortise is of the Mediterainian Ocean Genus -- The Hellman Tortise. They inhabit low land coastlinesfrom Spain to sothern France. They are entirely herbivorious and have a gentle nature. Furthermore, it is a slightly timid species. I think it is comparitively simple to look after.
...Well, it's not particularly auspicious is it Young Master?

The sun is setting...if the temprature drops too much...the tortise may die.

--I'll have to use that approach to find it--

Please put this on and march around the Garden.

I refuse to do that.

The abdominal section of this shell is inflexable... The head and tail are entirely **female.** Lady Elizabeth's tortise is **male**... you understand? Pheromones will be sprinkled as well.

Yooou weaaar iiiiiiit.

If it's male why is it named Barbarina!?

How do you know!!!
Besides, if I was to become a Hellman's Tortise... I would be more of an *Aldabra tortise. (very smile)

That stange thing is awfully conviently made!!!
I really would like to wear it but, regretably that shell was only made in the Young Master's size.

There are no other means.
Wear it and face a moment's disgrace, or don't wear it and face a lifetime of shame!!!
How would a man deserving of the Hall of Head of the Pantomime wear that?!

Or are there too many wrappings!? Do you hate having your Butler's head and right hand wrapped in yellow!?

Hey. Shut-up. What is all this fuss about !?
Prince, what have I done to make you uncomfor-table~~~

...well, Prince...
Friends like whom?
It's not right. How long 'till you're friends like Ciel and me.
Ahh—— it's irritating.
If that was me, I couldn't stand the gloom.
Or is it the occasional crying of bitter tears,
But that's okay, right!?
Should I put it in two long ones,
Or is it the wrappings,

You're fine.

Mr.Sebastiaaaaaan, it's horrible----------
It's become quite warm hasn't it
Shall I incorperate seasonal fruit in today's afternoon snack?
Oh, I'll leave it up to you
Good morning Young Master
It's time to wake-up
What do we do?
The kichen has~
It's the laundry, it's~
The trees in the Garden are~
Just go.
My tie can be tied afterward.
What do we do?
What do we do?

Ummmm.....
Young Master,
your cravat isn't

EH!!?
You don't know how!!?
I always get Sebastian in to do *that*, because I don't know how.
Oh, I tyed it myself.
That.
"Meant to" huh.
Huh?
It's that today your ribbon is tyed differently than usual.
and gives off a diffrent impression~~~ is what he meant to say.
Unhuh, Unhuh.
Yep, Yep.
Right!?

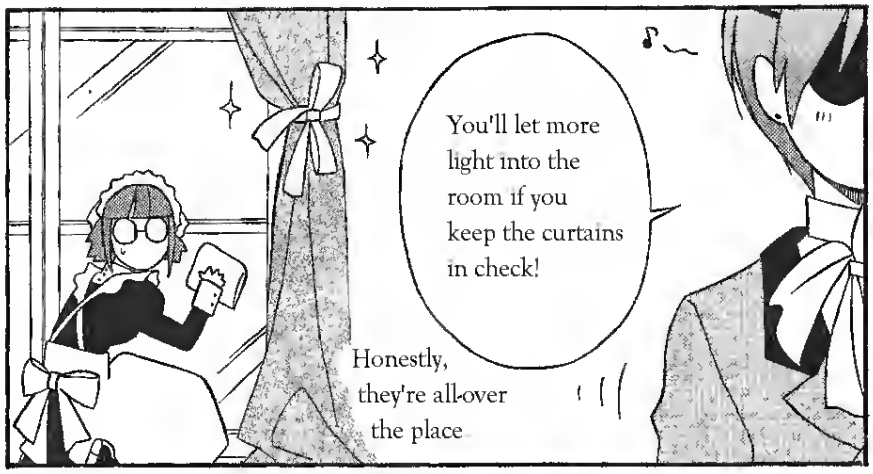
Heh

It's perfectly fine Young Master.
Because the Knot you used to tie your tie by yourself Y oung Master.

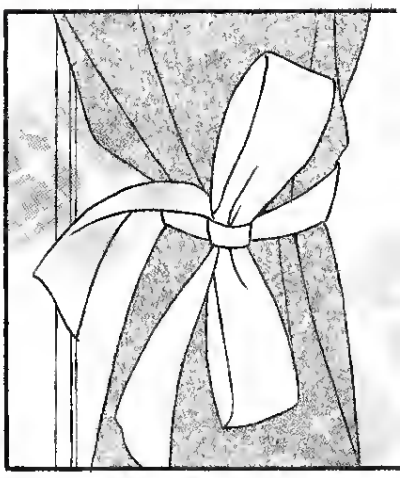
Eh
Eh-
Wh-what? What's so funny about not being able to tie a tie, it's not is it!?
Well!?
That's right. It's not at all amusing.

Whe...eeee~hic
is the one used by intoxicated personages.

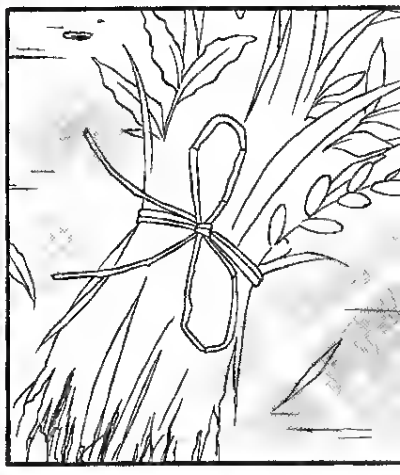
urk
I'll tie the first one with you,
so you'll know how to tie it yourself.
and it's finished
Now the other side goes around that,
That's a good thing?
I did it.
This knot is called ~
a "Ribbon" or "Butterfly" knot
Thus I tought Young Master Ciel how to tie a butterfly Knot……
Everyone already knows how.
Do they~
It's surprisingly easy!
It seems like I could teach someone how.



You'll let more light into the room if you keep the curtains in check!
Honestly, they're all-over the place



Cut grass
You should use your head more!
You should bundle the grass when you cut it, ti's easier to move that way!



How did you tie it without looking!!
A blind tie!?
!?

Alright, it's about time I start dinner...

Hmm~~~, you don't make the morning mess though

Young Master, it's nearly time for your violin lesson...
Your Butterfly Knot,

Ah, N—No
For the Young Master to do something like that...
It's quite disheveled.
It must be unbearable. I'll tie it up for you!
Bend over!
Ribbon
I'm sorry
About that Young Master,
but I think it's time I tell you...

This one isn't nearly as attractive...
Isn't this a Butterfly Knot?
? A vertical knot...?
No, because a Butterfly Knot has,
a slightly different way of tying, and vertical inclination, and name probably...
why ...
The length and breadth aren't really that different.
Why do that.
What utter rot!!
Why do you find every single little thing in spite of the whole!

Hooooo Boy. What'd you go and do that for Sebastian.
It's not right. Even though the Young Master seemed to be having such fun, your words seemed to be making fun of his efforts and~~~
You ought to lighten-up on your principles 'cause of this~~
Huh?
Ah. Young Master, your violin les-...

Honestly...
Humans really are troublesome.

it didn't come out like a Butterfly Knot...
I did it, but...
I'm the current head of the Phantomhives, and yet I...
I should be getting back

It's absurd.
Young Master.
There's no excuse for my comments earlier.
super deep bow
Please go ahead and tie back my hair...
.....I just wanted to practice the Butterfly Knot..

Pardon?
A Butterfly Knot...
Sebastian,
When we return to the mansion, I would like you to tell me how to tie the Shield Knot one more time
I've changed my mind. That's fine, just show me!

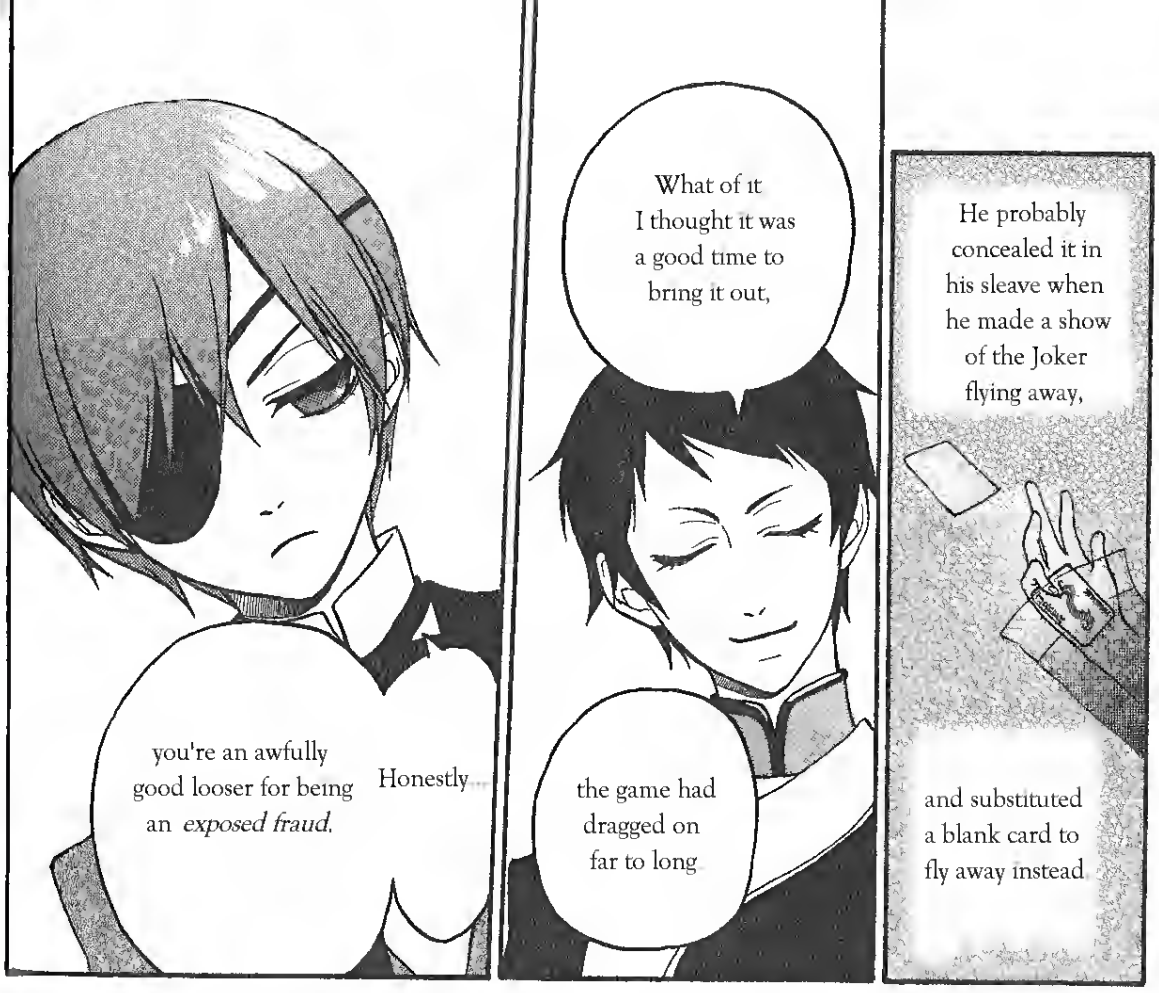
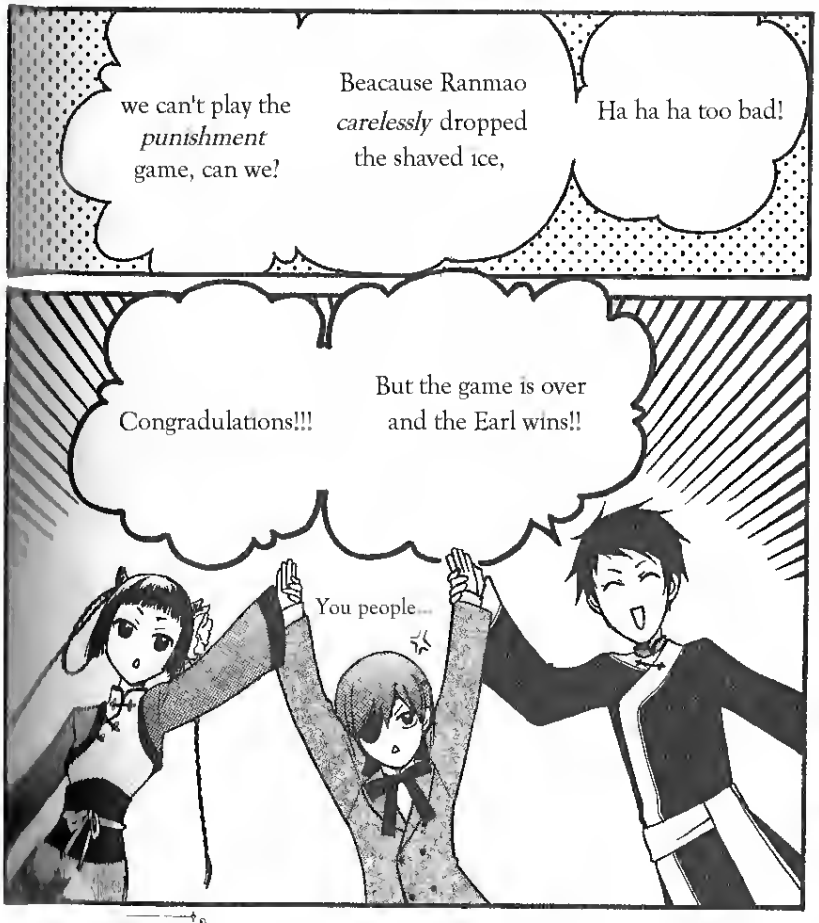
...what is the meaning of this...
isn't this the Joker you were searching for?



you're an awfully good looser for being an *exposed fraud.*
Honestly...
What of it I thought it was a good time to bring it out,
the game had dragged on far to long
He probably concealed it in his sleave when he made a show of the Joker flying away,
and substituted a blank card to fly away instead



we can't play the *punishment* game, can we?
Beacause Ranmao *carelessly* dropped the shaved ice,
Ha ha ha too bad!
Congradulations!!!
But the game is over and the Earl wins!!
You people...

And our agreement
was that!!?

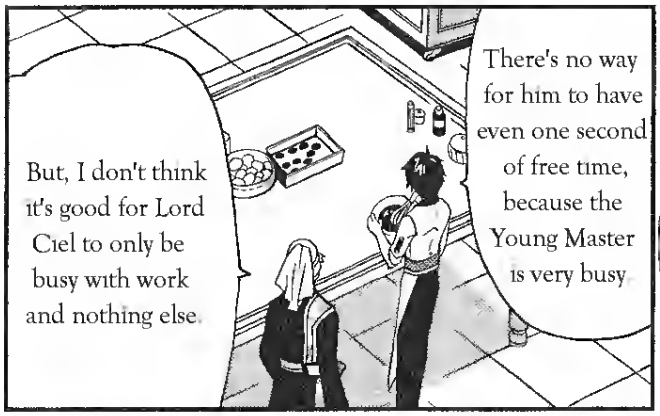
Be quiet!
That's mean! We haven't seen each other in forever
You're far to cold Ciel.....
You're interrupting my work!
Surely he'll keep you company afterward
Really?
Lord Soma! Lord Ciel is busy with his work.
Aren't we best friends--!?

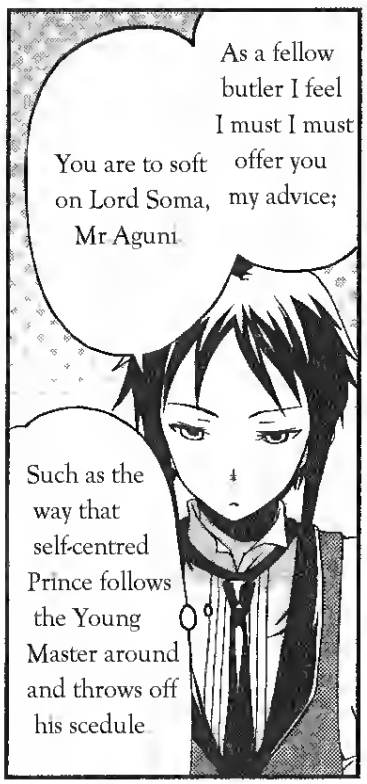
N-nothing, forget it!
Gasp
Uh...No,
huh?
Your butler seems like a childhood friend

SFX- Swivel



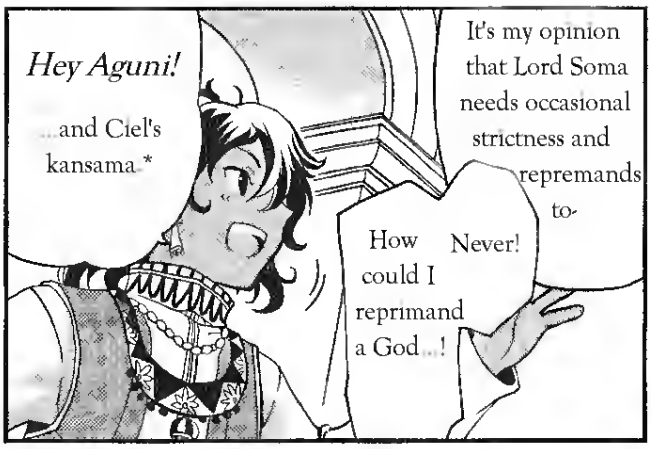
But, I don't think it's good for Lord Ciel to only be busy with work and nothing else
There's no way for him to have even one second of free time, because the Young Master is very busy

Yes?
You think my handling of the Young Master's scedule is too strict?



You are to soft on Lord Soma, Mr Aguni
As a fellow butler I feel I must I must offer you my advice;
Such as the way that self-centred Prince follows the Young Master around and throws off his scedule

At his age... I think it's absolutely vital for him to act like a child
Like playing with the Prince



Hey Aguni!
...and Ciel's kansama.*
It's my opinion that Lord Soma needs occasional strictness and repremands to-
How could I reprimand a God...!
Never!

*Butler

Say "Aaaah' Sir!

SFX- Whamp-Whamp...

Aguni! You wouldn't say such horrible things!?
"I have no *time* to be a foolish bastard's playmate "
Mr Aguni, say he's a "fool"
Zoink
is offensive. Get... lost.....

This foolish... ness.....
How about it. Isn't it interesting?
A "Role Playing Game"...
is a fictitous "Role" enacting game.

執事
Butler
DS charecter
I suggested a "Role" shift because,
Because Mr Aguni wanted to correct Lord Soma's self-centred behavior, I gave him some advice-
執事
Butler
Childhood friend
I think it will probably give us some space.

I judged that it would cause the least interference.
"Likes to do things for others."
"Destinguished in both the Literary and Military arts."
What do you mean by "childhood friend"...

That's fine- Only,
At this rate they might return to India
I won't waver! -I'll be the usual way
Your behavior is in vain,
Your "expectations" are *useless* you know

You fool
How is it?
Shall they play the "game"- Just for today?

will be jolly fun.

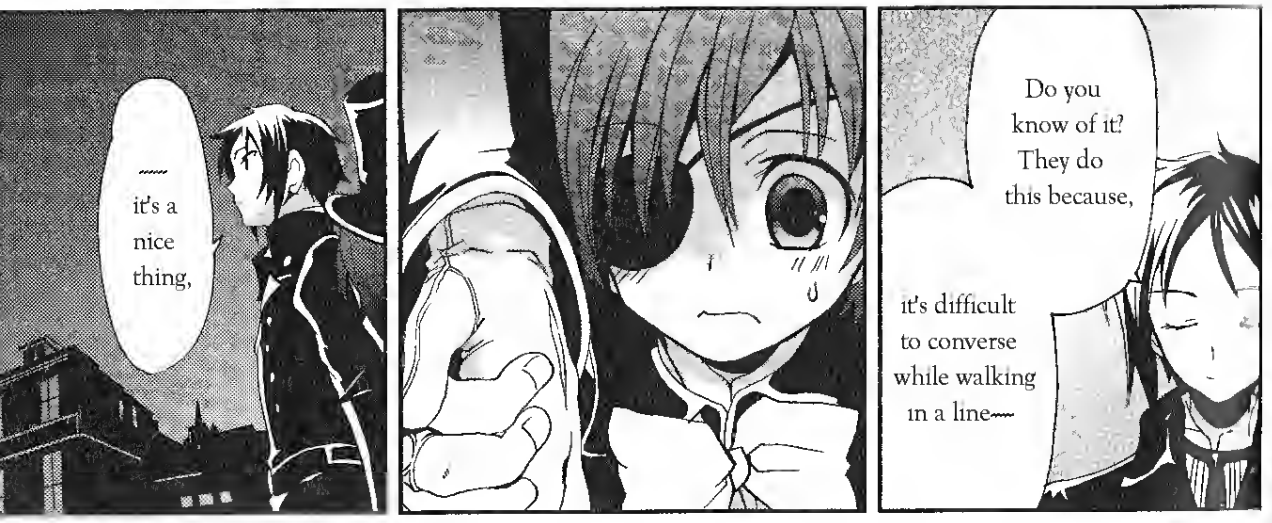
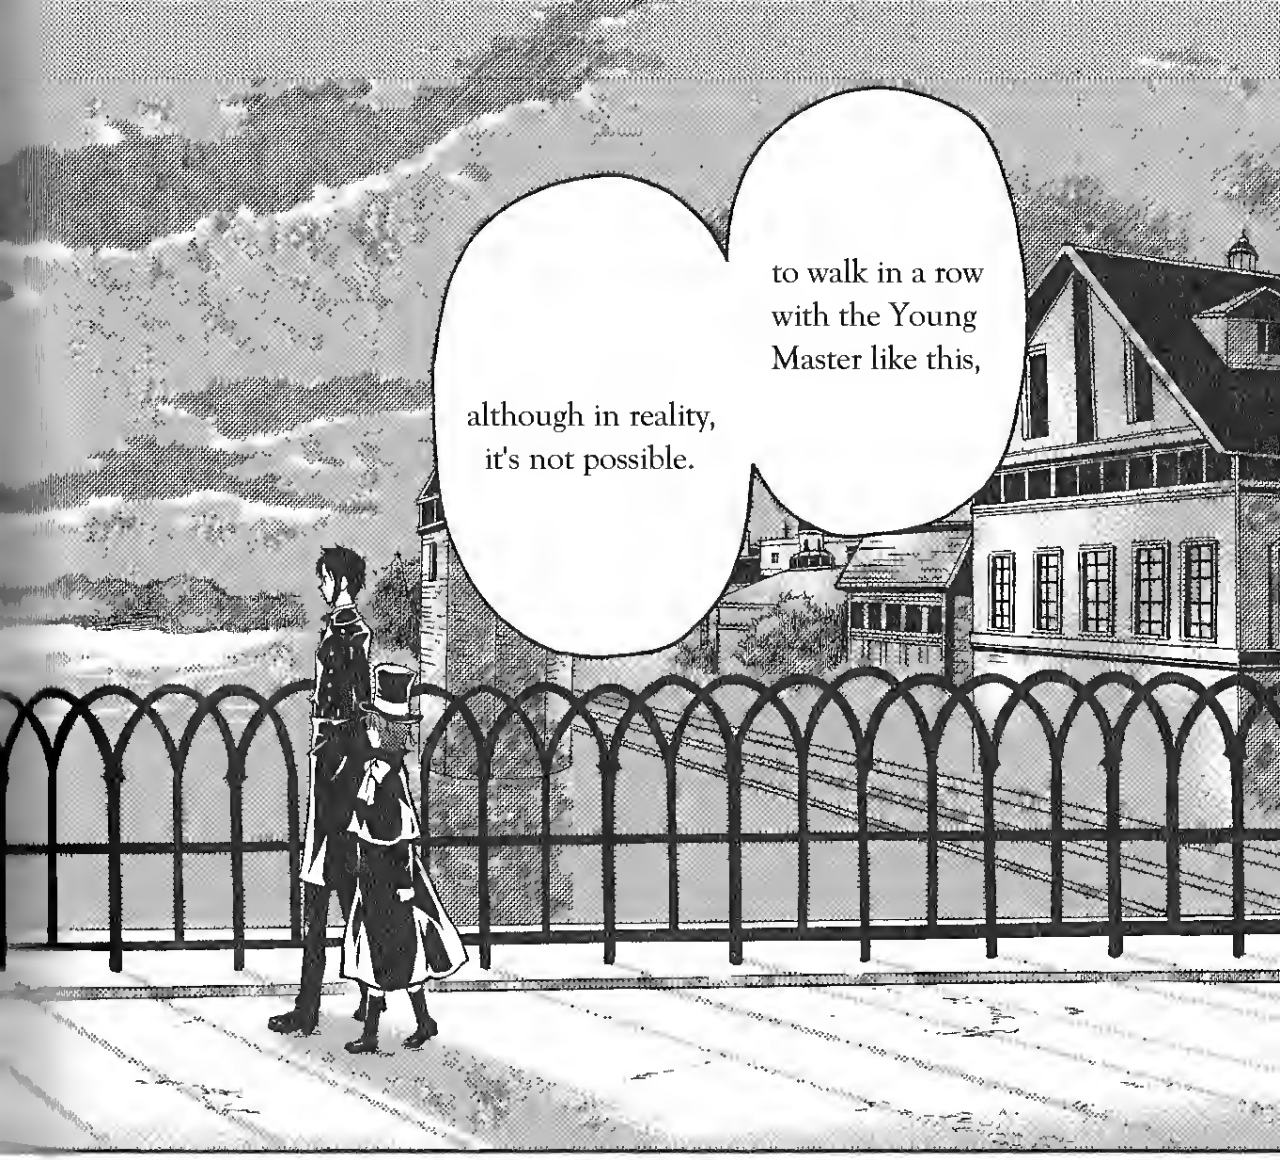
"Childhood friends do this after school."
I-idiot,
what are you doing!!



it's a nice thing,
Do you know of it? They do this because,
it's difficult to converse while walking in a line~~



to walk in a row with the Young Master like this,
although in reality, it's not possible.

It's not possible—

Look...!
Mr.Sebastian, thi-...
What's wrong?
Oh,
It's a red Canary.
Can't we nurse it back to health?
I promise not to hurt it or anything...
It was perched in the top of a tree
It seems weak somehow, and it doesn't look like it can fly

Young Master.
Welcome home.
I'll look after it.
Hmm,
Well that depends...
Do you really plan to look after it?
What of it?
This bird is...
Prepare a birdcage and food.

What will you name it?
Nevermind.
Baron.
I'll call it...
Red Baron?
Red Baron.
Young master, Mr.Sebastian!

We came to help take care of the canary!

Do you still yearn for the sky? Red Baron?
Who told you you could watch all the time?
Alright, back to work, back to work!
Clap Clap
Ah
Do you want to fly? I see.
That might just be a dream.
Flutter

It's moving less and less.
I wonder if it's okay?
Maybe we should send for a Vet?
What should we do Mr Sebastian...
in case,
just in case it dies...
Don't worry.

Everything will be fine.
I'm glad~. I was worried about what to do if you weren't!
It's true! Just like Mr.Sebastian said!!
Lookkit. Red Baron is well enough to fly!
Clank
Young Master!
Oh-

Clunk
AAAAA!!!
I was thinking about setting it free myself amoment ago.
I-...
I'm sorry,
I'm sorry-
I really don't mind
There's nothing for you to worry about
Sebastian, We're going out.
In an undertone
There, you see?
I will make pre-parations immediately

I thought it was important.
It was you, wasn't it Sebastian.
You over-stepped your bounds
Tch
That bird smelled of Death.
I under-stood form the first
...then you were aware?
Of course I was
If I was inattentive I would be as insesibly naïve as the servants.

Because you acted on impulse,
his life could end at any moment.
You did treat it, and prolong it's life, wasn't that careless of you?
Provided,
sentimental you have become.
...How very,
It calls on everyone without distinction
"Death" is eternal silence, existing in solitude.
Could it be that you're having prospective feelings,
tword that "Red"?
Don't worry, when your end comes, I will be at your side

To the final instant when the light that is your life is extinguished: Until that time,
I will be with you.
Yes.
Smile
That's the contract.
I suppose your aim *after that* is *me?*
Yep-
Merely being the Lord of this house is enough for me.
Yes, My Lord.
We're going.
